>> Advantages

Body in an unbreakable and anticorrosion techno-polymer, with supporting ribs in the most stressed points.

Double fixing bracket to guarantee a better stability and sturdiness against vibrations.

This siphon is the biggest one on the market thanks to its 3,5 Liter capacity, that corresponds to 55% more than the other siphons of the same type.

Cup made in a special transparent and shockproof techno-polymer.

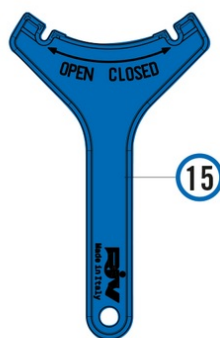

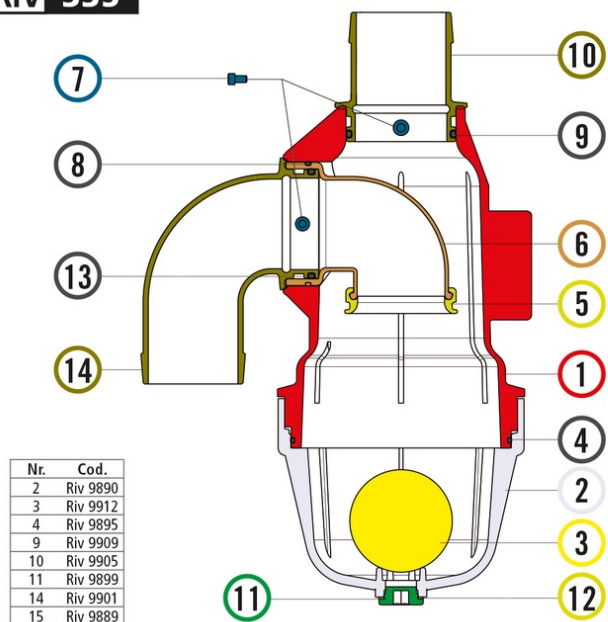

Anticorrosion stainless steel fixing screws.

Equipped with a practical key for an easy opening and closing of the cup.

Possible manometer connections.
